OBJECTIVE

Motivated Computer Science student seeking a Front-End Developer/UI-UX Design internship to apply HTML, CSS, and JavaScript skills in building responsive, user-centric web interfaces. Passionate about creating intuitive designs and delivering seamless user experiences.

EDUCATION

B.E. Computer Science & Engineering

K. Ramakrishnan College of Technology (KRCT), Tiruchirappalli | Expected Graduation: 2029 | CGPA: 8.0

PROJECTS

Periodic Element Viewer | Live: <https://afridi2008.github.io/Periodic-Table/>

- Designed and developed an interactive periodic table displaying all 118 elements with smooth 3D tilt animations and category-specific colour coding for enhanced visual learning
- Built search and filter functionality enabling users to quickly locate elements by name, symbol, or atomic number; integrated HTML canvas for dynamic electron orbit animations
- Technologies: HTML5, CSS3, JavaScript | Implemented fully responsive design ensuring optimal display across all devices

KR MAP - Campus Navigation System | Live: <https://afridi2008.github.io/KR-Map/>

- Created an interactive campus mapping application for K. Ramakrishnan College featuring multi-floor navigation with clickable floor plans and department location guides
- Integrated Google Maps embed for real-world campus location context and designed intuitive navigation UI for easy information discovery
- Technologies: HTML5, CSS3, JavaScript | Collaborated with 2 team members using Git version control

CGPA Calculator | Live: <https://afridi2008.github.io/CGPA-Calculator/>

- Developed a functional CGPA calculator tool with dynamic semester input fields and real-time grade-to-point conversion (Regulation 2023)
- Technologies: HTML5, CSS3, JavaScript | Clean, minimalist UI design for student accessibility

SKILLS

Frontend Development: HTML5, CSS3, JavaScript (Basic)

Design & Tools: Figma, Canva, Adobe Photoshop, Adobe Illustrator

Programming: Python (Basic), C (Basic)

Developer Tools: Git, GitHub, Visual Studio Code

CERTIFICATIONS

- Web Development for Beginners** – Simplilearn
- Introduction to JavaScript** – Simplilearn
- Data Structure using Python** – Simplilearn
- Soft Skill Development** – NPTEL (Score: 69%)
